

Martin Stegner

Development Director Central Europe

Leonardo Hotels

Hamburg, Germany

Martin Stegner has been Development Director Central Europe at Leonardo Hotels since September 2026. He leads the Development team for the entire Central Europe region and works on hotel development and acquisitions. His current role draws on many years of professional experience in the hotel industry.

At NOVUM, he served as Chief Information Officer from February 2010 to June 2022, with responsibility for IT, IT development and business process management. He then became Chief Development Officer, focusing on asset management and business development. He held that position until May 2025.

From May to December 2025, Stegner was Chief Development Officer at Revo Hospitality Group. At both NOVUM and Revo, he was involved in various M&A transactions and worked on financing matters and relationships with banks.

Before joining Leonardo Hotels, he worked as an independent hotel advisor from January to August 2026. His background spans IT and the organisation of business processes as well as the development of hotel businesses. He brings this experience to his work at Leonardo Hotels today.
